Class of 2015

LEADERSHIP EXPERIENCE

MHacks

January 2017 – Present

Core Team Member

- Engaged currently as a part of the Logistics/UX team for the upcoming MHacks 9 Hackathon
- Coordinating the Application Review process to accept hackers, getting resources and hardware for hackers to use, and assisting the PR team with the social media aspect for the event

Society of Hispanic Professional Engineers

September 2016 – Present

LeaderSHPE Team Member

- Working alongside SHPE board and team members to empower the Hispanic engineering community through arranging social, professional, or academic events.
- Hosted an event called Noche de Ciencias with Western International High School which held engineering workshops and competitions with 10 U of M volunteers and 29 high school students

Michigan Hackers

February 2016 – Present

Core Team Member

- Attending weekly hack nights to consistently work on solo projects throughout the term as well as interacting with fellow hackers
- Worked under a mentor freshman year in the Michigan Hackers mentorship program with Swift and View Controllers using Xcode
- Creating web security problems for an upcoming Michigan Hackers Capture the Flag event such as a SQL injection problem using Python, Flask, and MySQL

Webster Hall Proctor

Sept. 2014 – June 2015

- Served as a role model to a dorm of sixty high school students by aiding five professors with organizing dorm events, enforcing dorm rules, and mediating conflict between students
- Provided students throughout the dorm with calculus and physics tutoring, social advice to alleviate academic stress and roommate conflicts, and surveys to organize events in and out of the dorm
- Improved the dorm-wide environment and increased the GPA of students by about half a letter grade shown by surveys and academic results while acting as a liaison between students and professors

Dorm Grill Co-manager

Sept. 2013 – Feb. 2014

- Managed a store daily within the dormitory alongside another student, selling food, drinks, and snacks.
- Tracked tabs and data on over 50 students using Excel to sell the most popular items, resulting in a net profit of over \$600.
